

DOT Records Organizer

A simple inventory worksheet for organizing operational records across people, testing, programs and reporting.

People and programs

1	Employee / driver roster and status records.	☐
2	Program participation and agency assignments.	☐
3	DER, supervisor, location and company records.	☐

Testing and results

1	Testing orders and reason for test.	☐
2	Collection and completion records.	☐
3	Result summaries and restricted result records as applicable.	☐

Administrative records

1	Policies and acknowledgments.	☐
2	Random pool / selection reports.	☐
3	Operational reports, audit history and supporting documents.	☐

Use note: This worksheet is an operational aid and does not replace agency rules, legal advice, or your organization's compliance procedures.
