

Post-Accident Response Workbook

A structured worksheet for gathering facts and documenting next steps after a workplace or transportation incident.

Immediate facts

1	Record date, time, location and incident type.	☐
2	Identify involved employees / drivers and supervisors.	☐
3	Preserve contact and incident details while they are available.	☐

Testing decision support

1	Identify the applicable DOT agency and regulation.	☐
2	Document whether agency-specific post-accident criteria may be met.	☐
3	Record decision, timing and reason for testing or not testing.	☐

Closeout

1	Attach testing orders, results and supporting records.	☐
2	Record follow-up actions and internal review.	☐
3	Retain the completed incident record according to applicable requirements.	☐

Use note: This worksheet is an operational aid and does not replace agency rules, legal advice, or your organization's compliance procedures.
